EvalQo

Your AI Interview Intelligence Twin

Talk live to an AI recruiter. Get a scored report that knows your background.

Ravi Kumar Thekare · HTW Berlin

Career opportunities shouldn't depend on expensive coaching — or who you know.

01 Static practice tools

don't listen or adapt

02 Generic advice

lacks actionable insights

03 Human coaching

is costly and hard to scale

04 Global candidates

face language + culture barriers

Who benefits from EvalQo?

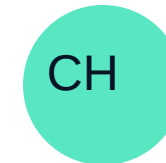

Students

AUTOMATED SCORING

CV-AWARE

Why EvalQo stands apart

TRADITIONAL PREP

Static question lists

One generic bot persona

Ignores your identity

No session memory

Vague feedback

Company-blind

EVALQO

Live, interruptible voice

Round-specific engines

CV + portfolio AI Twin

Persistent memory

Scored 5-part rubric

Company-style simulation

Making interview prep accessible — and effective

ACCESS

**Anytime, in-
browser**

COST

**A fraction of
coaching**

PERSONAL

**Grounded in your
documents**

PRIVACY

**PII scan - GDPR -
isolation**

SCALE

Thousands at once

From Interview Intelligence → Job Intelligence

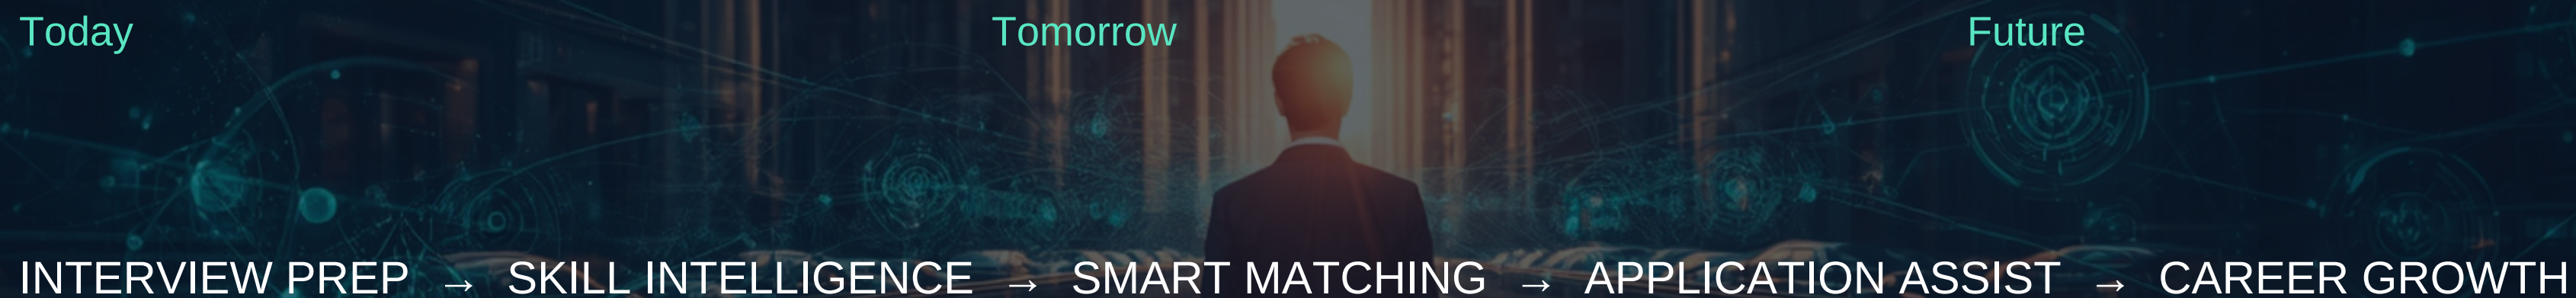

01 **Understand me** Build a living skills profile

02 **Understand the role** Explain why this job fits

03 **Close the gap** Show what I’m missing

04 **Get stronger** Turn insight into preparation

Building an AI companion for your career journey

R&D track: privacy-preserving local models

THE VISION

Career support should be accessible to everyone.

An AI companion that understands your skills, finds opportunities, prepares you to win, and grows with you.

From one interview... to an entire career journey.

EvalQo — Prepare. Discover. Improve. Grow.
